*(From Left: Mr. Stephen Seine, Mr. Kuldip Singh Seine, Ms. Harjeet Kaur)*

I am proud to present you with this year's award for Company of the Year in the Malaysia project logistics industry.

Frost & Sullivan's global teams of analysts and consultants research a wide range of markets in multiple industries and regions, and identify companies that are true industry leaders, delivering best practices in growth, innovation, and leadership. These companies have a keen eye on the future and drive innovation that meets upcoming needs before they become commonly visible, often being first to market with new solutions. They focus on delivering the best products at optimal prices to maximize customer value and experience. Identifying these companies involves extensive primary and secondary research across the entire value chain of specific products and/or markets. Against the backdrop of this research, Frost & Sullivan is pleased to recognize Trans International Logistik Sdn. Bhd. as the 2019 Malaysia Project Logistics Service Provider of the Year.

Delivering excellence worthy of the Company of the Year recognition is never an easy task, and it is made even more difficult considering today's competitive intensity, customer volatility, and economic uncertainty—not to mention the difficulty of innovating in an environment of escalating challenges to intellectual property. In this context, your receipt of this award signifies an even greater accomplishment.

Moreover, Frost & Sullivan recognizes that this accomplishment is the result of many employees, customers, and investors making daily choices to support the organization and contribute in a meaningful way to its future.

I enthusiastically acknowledge and celebrate these achievements, and wish you great success in the future. Frost & Sullivan is here to support you on any future endeavor.

Sincerely yours,
