PRESS RELEASE

Buongiorno!

SAL Heavy Lift, Italy

Hamburg, 30 April 2019

SAL Heavy Lift and Intermare Group Creates - SAL Heavy Lift, Italy

Hamburg - SAL Heavy Lift GmbH and Genoa based Intermare Group is very happy to announce the appointment of SAL Heavy Lift, Italy as the official representative for SAL in the Italian market.

Commencing 1st of May 2019, SAL Heavy Lift, Italy will open its doors to existing and new clients and will be greeted by the familiar faces of Mr. Marco Campodonico, Mr. Mauro Morasso, and Mr. Paolo Boccoleri who with more than 75 years of experience between them are the perfect people to extend even further the presence and reputation of SAL in Italy.

Giorgio Morasso, President of Intermare Group, says: *"It is our honor in helping SAL Heavy Lift, Italy come to life. SAL has been part of our family and our company for a great many years. We know each other well and we trust each other, and by making this step together we join our family with the SAL family and we look forward to a long and successful future together."*

SAL has also recently successfully established a similar entity in Spain that together with Italy offers shippers a focal point that clearly profiles the brand and the service that it represents in the local market.

Justin Archard, Chief Operating Officer of SAL Heavy Lift, adds; *"Following on from establishing our Spanish entity SAL Heavy Lift, Spain it became quickly apparent that the format was more in demand than we realised. Italy was a logical next step and because we have shared so much over the years with Intermare and the Morasso family, and because there is a mutual respect, the choice was an easy one to make. I wish SAL Heavy Lift, Italy every success."*

SAL Heavy Lift, Italy will reside in Genoa, Italy.

About SAL Heavy Lift

SAL Heavy Lift, a member of the Harren & Partner Group, is one of the world's leading carriers specialized in sea transport of heavy lift and project cargo. The company was founded in 1980 as "Schiffahrtskontor Altes Land GmbH & Co. KG" and belongs to Harren & Partner Group since 2017. The modern fleet of heavy lift vessels offers highly flexible options to customers. The vessels of SAL Heavy Lift boast an impressive travel speed of 20 knots, up to 3500 m² of unobstructed main deck space and combined crane capacities ranging from 550 to 2000 tons: amongst the world's highest lifting capacity in the heavy lift sector. As a global company in the heavy lift and project cargo segment, the company meets the highest standards with regard to quality, technical innovation and health, safety and environment.
